# SCIENTIFIC AGRICULTURE

## LA REVUE AGRONOMIQUE CANADIENNE

VOLUME XIII

*September 1932 - August 1933*

PUBLISHED BY THE
CANADIAN SOCIETY OF TECHNICAL AGRICULTURISTS AT
OTTAWA, CANADA

*Assisted by the National Research Council, the Dominion Department of Agriculture, Macdonald College, Ontario Agricultural College, Manitoba Agricultural College the Universities of Saskatchewan, Alberta and British Columbia, and the Provincial Departments of Agriculture in Nova Scotia, New Brunswick, Ontario, Saskatchewan, Alberta, British Columbia and Quebec.*

# SUBJECT INDEX TO VOLUME XIII

## ENGLISH ARTICLES

Page

Agricultural progress, A project in the use of group consciousness as a lever in ... 260
Agricultural Services, National Advisory Committee on ... 70
Agriculture, The opportunity for. Intra-Empire trade ... 281
Alberta soils, Leaching of mineral matter in some ... 7
Amputations of wheat roots in relation to diseases of the root system, Further studies on 435
Apple, Bud variation in the ... 178
Apple fruit colour and condition of the tree, The influence of soil moisture differences on 566
Apple orchard spray service in Ontario ... 256
Apple, Some observations on the variability of the amount and composition of the ash of the Wagener, under Nova Scotian conditions ... 505
Autogamous alfalfa ... 591
*Avena fatua*, Natural crossing with wild oats ... 458

Barley-hog ratio for Saskatchewan ... 349
Birds, "Scalyleg" in wild ... 753
Black knot of plums and cherries, Investigations on ... 576
*Botrytis tulipae* (Lib.) Lind. 11. Bulb dips ... 110
British trade agreements with Denmark and Argentina, A note on ... 676
Bud variation in the apple ... 178
Bulb dips, *Botrytis tulipae* (Lib.) Lind 11 ... 110
Bunt spores in western Canada, The overwintering of ... 636
Butterfat variations in cows' milk, A study of ... 324

Caecal worm, *Heterakis gallinae* (Gmelin, 1790) Freeborn, 1923, in the domestic fowl, Some observations on the development of the ... 356
Canadian feeds on the basis of digestible nutrients, An evaluation of ... 653
Cereal crops, Yarovization or vernalization of ... 728
Chickens, A note on mycotic pneumonia of ... 341
Chondrodystrophy in fowl embroyos ... 97
Cleaning milking machine rubber parts, A simplified method for ... 460
Climate and soil leaching variations in Quebec ... 413
Cod liver oil and pilchard oil as sources of the growth promoting factor Vitamin A, A comparison of. Vitamin A and D studies with growing chicks ... 374
Coincidence as a factor in incidence and control of plant diseases, The environmental ... 36
Colonization Finance Corporation, Farm management programme of the ... 481
Combine harvesters and tractors on the Canadian prairie, Comments on depreciation of 26
Comments on depreciation and repairs of combine harvesters and tractors on the Canadian prairies ... 26
Common scab, On treating seed potatoes for the control of ... 364
Co-operative investigation of the quantitative relation between summer-fallow methods and the wireworm in Saskatchewan ... 646
Co-ordination of cereal variety zones in the prairies province, Report of the committee on the ... 473
Corn, the suitability of immature sweet, for seed ... 642

Dairy barns in Quebec, Ventilation of ... 528
Depreciation and repairs of combine harvesters and tractors on the Canadian prairies, Comments on ... 26
Development of parasitic diseases and selecting for disease resistance presents problems in co-operation in research, Studying the effect of environment upon the ... 213

Page

Digestibility of Vim Oat Feed, The. Studies on Vim Oat Feed. 1 ... 382
Disease, The tomato root knot ... 594
Diseases of tomato through seed, Transmission of streak and mosaic ... 194
Diseases of tomato through seed No. 11, Transmission of streak and mosaic ... 455
Distribution of internal parasites of poultry in the province of Quebec, Records of ... 127

Eastern Canada Society of Animal Production: proceedings and abstracts ... 201
Effect of environment upon the development of parasitic diseases and selecting for disease resistance presents problems in co-operation in research, Studying the ... 213
Effect of harvesting at different stages of maturity upon the yield and chemical composition of barley, The ... 698
Effect of low temperature on the biennial growth habit of sweet clover (*Melilotus alba*), The physiological ... 746
Effect of smut on rust development and plant vigour in oats, The ... 154
Entomological Society of Ontario. Proceedings and abstracts ... 403
Environmental coincidence as a factor in incidence and control of plant diseases, The ... 36
Epidemiology of stripe rust in western Canada ... 77
Estimating statistically the significance of difference in comparative feeding trials ... 16
Evaluation of Canadian feeds on the basis of digestible nutrients, An ... 653
Experiments on the control of oat rusts by sulphur dust ... 426

Farm management programme of the Colonization Finance Corporation ... 481
Farm relief measure, Inflation as a ... 677
Farming in Canada, Types of ... 613
Feeding cane molasses to growing chicks and laying hens ... 743
Feeding trials, Estimating statistically the significance of differences in comparative ... 16
Fish meal supplements for chicks ... 435
Forage crop seed situation in the prairie provinces of Canada, Survey of the ... 687
Fowl embryos, Chondrodystrophy in ... 97
Fungi from wheat roots and kernels, Studies of methods for the isolation of ... 304
Further studies on amputations of wheat roots in relation to diseases of the root system. 439

Genetic soil map of Canada, The preparation of a ... 114
Geometric mean in determining growth rates, The use of the ... 342
Gizzard worm in Quebec, The ... 126
Government agricultural services in Canada, Organization of ... 671
Gravenstein spot scald ... 225
Group consciousness as a lever in agricultural progress, A project in the use of ... 260
Growing chicks and laying hens, Feeding cane molasses to ... 743

*Haematuria vesicalis* (Red Water) in British Columbia, Some further studies on the etiology of bovine ... 545
Harvesting at different stages of maturity upon the yield and chemical composition of barley, The effect of ... 698
*Helminthosporium sativum* P. K. and B., Methods of inoculation of wheat with ... 515
*Heterakis gallinae* (Gmelin, 1790) Freeborn, 1923, in the domestic fowl, Some observations on the development of the caecal worm ... 356
Hosts in Alberta to stripe rust, The relative susceptibility of cultivated and native ... 714
Hybridization of *Puccinia graminis tritici* with *Puccinia graminis secalis* and *Puccinia graminis agrostidis* ... 141

Immature sweet corn for seed, The suitability of ... 642
Incidence and control of plant diseases, The environmental coincidence as a factor in ... 36
Infection of wheat seedlings by *Puccinia graminis tritici* in the greenhouse as a measure of the percentage infection in the field, The type of ... 625
Inflation as a farm relief measure ... 677

Page

Influence of radiant energy on hematopoietic processes in the pig, The ... 737
Influence of soil moisture differences on apple fruit colour and condition of the tree, The 566
Inheritance of barbing and awn colour: Smooth-awned wheat ... 185
Inoculation of wheat with *Helminthosporium sativum* P. K. and B, Methods of ... 515
Insect pollinators in Nova Scotia orchards, Notes on ... 730
Internal parasites of poultry in the province of Quebec, Records of distribution of ... 127
Intra-Empire trade. The opportunity for agriculture ... 281
Investigations in Canada, Oat stem rust ... 228
Investigations into the cause of sweet clover (Melilotus) disease, A report of some ... 561
Investigations on black knot of plums and cherries ... 576

Leaching of mineral matter in some Alberta soils ... 7
Lubrication, Recent findings in tractor engine ... 395

*Melilotus alba*, The physiological effect of low temperature on the biennial growth habit of sweet clover ... 746
Method for cleaning milking machine rubber parts, A simplified ... 460
Methods for the isolation of fungi from wheat roots and kernels, Studies of ... 304
Methods of inoculation of wheat with *Helminthosporium sativum* P. K. and B. ... 515
Milk, A study of butterfat variations in cows' ... 324
Mineral matter in some Alberta soils, Leaching of ... 7
Mite infesting a flea, Notes on a ... 751
Mustards, Some recently noticed ... 722

National Advisory Committee on Agricultural Services ... 70
Natural crossing with wild oats, *Avena fatua* ... 458
New Brunswick, Pullorum control in ... 164
Notes on a mite infesting a flea ... 751
Notes on insect pollinators in Nova Scotia orchards ... 730

Oat rusts by sulphur dust, Experiments on the control of ... 426
Oat stem rust investigations in Canada ... 228
Oats, The effect of smut on rust development and plant vigour in ... 154
Observations on the variability of the amount and composition of the ash of the Wagener apple under Nova Scotian conditions, Some ... 505
Ontario, Apple orchard spray service in ... 256
Ontario, Soils of southern ... 449
On treating seed potatoes for the control of common scab ... 364
Opportunity for agriculture, The. Intra-Empire trade ... 281
Organization of government agricultural services in Canada ... 671
Overwintering of bunt spores in western Canada, The ... 636

Parasites of poultry in the province of Quebec, Records of distribution of internal ... 127
Physiological effect of low temperature on the biennial growth of sweet clover (*Melilotus alba*) ... 746
Pig, The influence of radiant energy on hematopoietic processes in the ... 737
Pig, The role of vitamin D in the nutrition of the ... 489
Pilchard oil and cod liver oil as sources of the growth promoting factor vitamin A, A comparison of. Vitamin A and D studies with growing chicks ... 374
Pilchard oil for chicks, A note on ... 749
Plant pathology, Some soil microbiological aspects of ... 638
Preparation of a genetic soil map of Canada, The ... 114
Preservation of soil monoliths ... 1
Presidential address ... 754
Problems in co-operation in research, Studying the effect of environment upon the development of parasitic diseases and selecting for disease resistance presents ... 213
Proceedings and abstracts: Eastern Canada Society of Animal Production ... 201
